**Pollution Incident  
Response  
Management Plan  
Toxfree St Marys**

## Notifying Pollution Incidents

A pollution incident must be notified if there is a risk of material harm to the environment.

Material harm includes:

- Actual or potential harm to the health and safety of human beings, or to ecosystems, or
- Actual or potential loss or property damage, exceeding \$10 000.
- Report pollution incidents IMMEDIATELY and in line with company notification protocol.
- Notify ALL relevant authorities, in the following order:
  1. Fire and Rescue NSW 000 (1300 729 579 [Pollution Incident Hotline])
  2. The Environment Protection Authority (Environment Line 131 555)
  3. The Health Ministry of NSW (Penrith) (02) 4734 2022 After hours  
Phone: (02) 4734 2000
  4. SafeWork NSW (131 050)
  5. Local Authority Penrith City Council (02) 4732 7777

## Communicating with Neighbours & the Local Community [Clause 98C(1)(i)]

[clause 98C(1)(i)]

Mechanisms that will be used for providing early warnings and regular updates, for neighbours who may be affected include:

- Letters.
- Letter box drops and door-knocking.
- Telephone calls.
- Broadcasts via local Radio.
- 

Specific information to be provided may include:

- The nature of the incident and the type of hazard that exists.
- The type of pollutant.
- Prevailing winds.
- Height and magnitude of the emission.
- Location of any off-site fall-out impacts.
- The area affected by the incident.
- Advice on whether to evacuate, or stand-by to evacuate the area (as per Fire & Rescue instruction).
- Possible impacts on sensitive receptors.

- Instructions on whether to close doors and windows for incidents involving air pollutants.
- Who to contact.
- When the next update will be.

The following are neighbouring businesses that need to be notified of the PIRMP, or otherwise need to be notified, in the event of a pollution incident.

Neighbouring businesses and residences within a 500m radius are to be notified of any treated solids reaction that results in toxic gases being formed, depending on the direction of the wind.
